

# FUDGY CRUNCH ICE CREAM CAKE

## Ingredients

- 2 containers of ice cream (Breyers Cookie Dough or Cookies-and-Cream are my top choices)
- 1 pack of Oreos
- 1 jar of hot fudge sauce

## Directions

1. Prepare Oreo Layer: Remove the cream from each Oreo and place the cookie halves in a zip-top bag. Crush into coarse crumbs.
2. Make Fudge Mixture: Mix the crushed Oreos with slightly warmed hot fudge sauce until fully coated.
3. Assemble Cake: In a spring-form pan lined with freezer paper, layer the Oreo fudge mixture on the bottom. Add a layer of softened ice cream on top. Repeat with more Oreo-fudge mixture and ice cream until the pan is full, ending with ice cream.
4. Freeze: Cover and freeze for 2-3 hours or overnight.
5. Serve: Let the cake sit at room temperature briefly to soften, then slice, add candles if desired, and enjoy!
